Wrong-Doing, Truth-Telling: The Function Of Avowal In Justice

Synopsis

Three years before his death, Michel Foucault delivered a series of lectures at the Catholic University of Louvain that until recently remained almost unknown. These lecturesâ ”which focus on the role of avowal, or confession, in the determination of truth and justiceâ ”provide the missing link between Foucaultâ™s early work on madness, delinquency, and sexuality and his later explorations of subjectivity in Greek and Roman antiquity. Ranging broadly from Homer to the twentieth century, Foucault traces the early use of truth-telling in ancient Greece and follows it through to practices of self-examination in monastic times. By the nineteenth century, the avowal of wrongdoing was no longer sufficient to satisfy the call for justice; there remained the question of who the âœcriminalâ • was and what formative factors contributed to his wrong-doing. The call for psychiatric expertise marked the birth of the discipline of psychiatry in the nineteenth and twentieth centuries as well as its widespread recognition as the foundation of criminology and modern criminal justice.Â Published here for the first time, the 1981 lectures have been superbly translated by Stephen W. Sawyer and expertly edited and extensively annotated by Fabienne Brion and Bernard E. Harcourt. They are accompanied by two contemporaneous interviews with Foucault in which he elaborates on a number of the key themes. An essential companion to *Discipline and Punish*, *Wrong-Doing, Truth-Telling* will take its place as one of the most significant works of Foucault to appear in decades, and will be necessary reading for all those interested in his thought.
