Storey, developed this text for a writing program at Harvard. A historian by training, Storey does an excellent job of describing basic and advanced research and writing techniques. His text is succinct and lively, filled with well chosen examples. If you have ever wondered about the difference between a primary and secondary source or how to deal with contradictory evidence, this is the book for you. I assign it in my writing courses.

Whish I purchased this book my first day of college. Great tips to keep you on the lookout and perfect your writing skills.
