Chronic Fatigue Syndrome, the Hidden Epidemic is an amazing book. Initially, it can be difficult to get through the first two chapters, but a real gem of a book with anyone dealing with Chronic Fatigue Syndrome, Epstein Barr Virus, Cytomeglovirus, HHV-6, Fibromyalgia and Environmental Toxins. We have been using the advice from Dr. Jesse Stoff for years at the Institute of Anti-Aging and Longevity in Carson City, Nevada because we believe that Dr. Stoff is correct in the belief that the body can heal itself through it's own immune system when dealing with the five issues that weaken the immune system called the P.I.T.T.S. which stands for Poor Nutrition, Infection, Toxins, Trauma and Stress. We have been applying the protocols from Dr. Stoff with excellent results. This book is a godsend from Dr. Stoff. It really goes into detail of the hows and whys of Chronic Fatigue Syndrome and how to put it into remission with your own immune system. Dr. Stoff give excellent

protocols to help the patient and the book gives 80 per cent of his treatments, but if you combine this book with his latest one called The Prostate Miracle on cancer you have an excellent outline of what to do to improve your health, your immune system and putting the disease into remission. We have been using his research for years and find that the key to helping the patient the most is dealing with the stress and the new nutrient AiE10 in the Body Wise AG Immune to "trigger" the communication pathways of the immune system; especially as a modulator since so many patients (especially women) are dealing with auto-immune difficulties such as Lupus, Multiple Sclerosis, Rheumatoid Arthritis, Candida, Fibromyalgia and other combinations of viruses and bacteria. If anyone would like receive the advanced protocols of Dr.
