Shrill: Notes From A Loud Woman

Synopsis

Hailed by Lena Dunham as an "essential (and hilarious) voice for women", Lindy West is ferociously witty and outspoken, tackling topics as varied as pop culture, social justice, and body image. Her empowering work has garnered a coast-to-coast audience that eagerly awaits Shrill, her highly anticipated literary debut. West has rocked the public in work published everywhere from The Guardian to GQ and heard on This American Life. She is a catalyst for a national conversation in a world where not all stories are created equal and not everybody is treated with equal respect. Shrill is comprised of a series of essays that bravely share her life, including her transition from quiet to feminist-out-loud, coming of age in a popular culture that is hostile to women (especially fat, funny women), and how keeping quiet is not an option for any of us.

Book Information

Audible Audio Edition

Listening Length: 6 hours and 9 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Hachette Audio

Audible.com Release Date: May 17, 2016

Language: English

Best Sellers Rank: #13 in Books > Politics & Social Sciences > Women's Studies > Feminist

Theory #19 in Books > Audible Audiobooks > Humor > Essays #38 in Books > Audible

Audiobooks > Nonfiction > Social Science

Customer Reviews

If Shrill isnâ ™t already on your summer reading list, you may need to shift your priorities. I mean, the book has been out for a week, so, seriously, get on it. When I attended Lindy Westâ ™s first reading on her book tour for Shrill last week, she mentioned that she wanted â œthink piecesâ • about her work because with those, a person learns what works but also what they can fix.So, I thought about it and decided lâ ™d try that approach with my little review that, admittedly, probably only two people will read (Hi Mom! Hi random person who thought this was something else!). So, here goes.In the first sections, the book is hilariously funny and I immediately worried because I wasnâ ™t sure how West could sustain that level of funny. Well, she didnâ ™t. Darn her, she took it at exactly the right moment down a more serious path. It was a perfect shift so she canâ ™t fix

that.But then she kept it a balance of serious and funny for several chapters and I thought, hmmm, is she going to lose the tension here? And whamo, just like that, salty drops of liquid burst from my eye sockets and yet again, sheâ TMd achieved a perfect transition and I was left sniffling as I dried the pages of her book. Canâ TMt fix that either.I am pleased to tell you, however, that I did find one problem. On page 177, second half of paragraph three, she writes â œHari wrote for the show;â |â • Well, Iâ TMII have you know that by page 177, Iâ TMd forgotten who the hell Hari was. So there.Yeah, thatâ TMs it. Truth is, this book is excellent. I would like every woman I care about to read it because I think it will be a salve for her soul. And I would like every other person to also read it because I am certain they will learn something meaningful.
