Customer Reviews

I bought this book in 8/05 (3rd edition) and all the errors indicated in the other reviews were fixed. I really think .com should remove them. I scared me after I had bought it, and paid 20\$ for it, that it would be riddled with mistakes. It was divided up really well and had great time management solutions. The MAT is 60 mins with 20 "test" questions that do not count, of course you do not know which those are. The guides on culture and geography helped me the most! DO not be scared to buy this guide, it was worth it...

This book was very helpful. It was easy to read and to use. There were exercises and practice tests. The book was not overwhelming with too much information. It was straight-forward and to-the-point. Very well written.

This book was very helpful. I only took the test once and passed with flying colors (and I graduated from college about 20 years ago!). It gives very good strategies for taking multiple choice tests.

Good prep for the MAT. This item arrived on time and is an excellent purchase. I like it very much and am VERY glad I ordered it. Thank you so much .com for the great price, good value and prompt delivery. I use this item frequently
