Criminology: The Core

Synopsis

It's no mystery why Larry Siegel remains THE best-selling author in Criminal Justice. Professor Siegel is known for presenting real-life stories of crime, criminals, and the hottest debates in the field, and CRIMINOLOGY: THE CORE, Sixth Edition, does not disappoint. Clear, engaging, and completely current, this four-color paperback is also concise and affordable. The text effectively uses real-world material to clarify concepts and theories, equipping students with a solid foundation in modern criminology. Grounded in Siegel's signature style -- cutting-edge theory plus meticulous research -- this book covers all sides of an issue without taking a political or theoretical position and provides a broad view of the interdisciplinary nature of the field. This edition includes the latest insights into political crime; terrorism (e.g., ISIS, lone wolves; white-collar, blue-collar, and green-collar crime; cyber crime; transnational crime (e.g. sex-trafficking); and many other topics. What's more, the MindTap that accompanies this text helps students practice and master techniques and key concepts while engaging them with video cases, career scenarios, visual summaries, and more.

Customer Reviews

I am not a student, but I am interested in the criminology/forensic science/criminal psychology. I bought this book as a reference, a purpose it serves well.

Not so much a review but a question. Why is it more expensive to rent the kindle version of the book than to rent the physical copy of the book?

This book touches very interesting topics! Love it for a student textbook very engaging.

Nice book but it doesnt come with the mindtap as it states in the ad. Its just the book only.
